

XL6019

Step-Up adjustable voltage regulator

Powerful DC/DC step-up (boost) converter with adjustable voltage regulator (XL6019). It is perfect for simple and universal voltage adjustment. Due to the small design, the controller can be easily integrated into your projects.

Published: 08.11.2022

MAIN FEATURES

Model	XL6019 (Step-Up adjustable voltage regulator)
Special features	Integrated MOSFET amplifier High efficiency (up to 94 %)

FURTHER SPECIFICATIONS

Input voltage	5 - 35 V DC
Output voltage	5 - 40 V DC (adjustable via potentiometer)
Input current	max. 5 A
Output current	max. 1.5 A
Power	max. 20 W

FURTHER DETAILS

Article No.	SBC-XL6019
EAN	4250236816937
Customs tariff No.	8504403000
Dimensions	46 x 21 x 13 mm
Items shipped	XL6019
